PRESIDENT'S MESSAGE:

This message is centered on Jerome Township in Union Co., OH. as we desire to promote our reprint of W. L. Curry's "History of Jerome Township." William L. Curry was a member of the noted Curry family of Union County, a military historian, author, colonel, auditor for the county and a respected business man.

On Saturday, May 29 of this year, our Chapter Librarian, Margaret Markley, David Cook of the Veterans' Services, and Jerome Township's Trustee, Doug Weakley met in front

Nearby a famous veterans monument sets near the intersection.

The following is Recording Secretary Mary Seslar's well-written account of the meeting:

"After the meal, the Rev. Phillip Bougher gave the history of the congregation and led a tour of the church. In 1826 when Union County had been organized only six years, descendants of a Scottish group called Seceders of Covenanters established an association congregation of Presbyterians. The first parish

on since. The most extensive was a 1995 addition which added a larger fellowship hall, a new kitchen and additional Sunday School space."

Thanks to Dorothy and Rev. Bougher for an interesting and informative evening. Thanks to Mary for her write-up. Elaine Chapman

PUT ON YOUR COAT (OF ARMS) By Rebecca May Marion Star, Dec. 2, 1997

Think you have royal blood
running through your veins? Maybe
you're entitled to a coat of arms.

Arms first appeared in the late
1100s. Because armies of many
knights were fighting for one king,
they needed a bright symbol to
distinguish who owned which
soldiers. These knights also needed a
seal for official documents. It seemed
natural to select an easily recognized
symbol to put on armor and on paper.
Arms, then, quickly became known as
a sign of nobility.

Arms are more than just a brightly-
colored shield. The complete arms,
also called the achievement, includes
the helm (helmet), crest (small
animal or bird statue on top of the
knight's helmet when in the sun),
motto and shield (main part of the
arms). The shield gets the most
attention since it displays the family
symbol.

The top of the shield is the chief;
the bottom is the base. The
background is the field, and anything
on the field is a charge. Plain
geometric charges are called

ordinaries. Examples include a
horizontal stripe (fess), vertical
stripe (pale), diagonal stripe
(bend), checkerboard (chequy)
and inverted V (chevron). Other
charges are chosen from nature:
the lion (symbol of courage),
unicorn (purity), phoenix
(immortality), and sun (energy).

Many rules are involved when
designing a coat of arms. Only five
colors, called tinctures, are used:
gules (red), azure (blue), sable
(black) vert (*green*) and purpure
(purple). Two metals are also used:
or (gold), which is painted yellow,
and argent (silver), which is painted
white. Colors can't be next to colors,
and the same goes for metals. Whew!

Arms can be used only by people
who received them by a grant or
through family descent.

DAVIS METHODIST PROTESTANT CHAPEL

Is located on the Essex and Rush Creek Road, in the eastern part of Washington Township. The society was organized in 1848 with ten members--Jonathan Fields and wife, Ebenezer Davis and wife, Thomas Miller and wife, Jesse Weatherbee and wife and Jefferson Fields and wife--by the Rev. Cyrus Carter in a log schoolhouse which stood on Lemuel Titsworth's land. The services were held in this schoolhouse for ten or twelve years, when the neat frame church now used as the house of worship was constructed. Ebenezer Davis, Thomas Miller and John McPeck were the largest contributors in the enterprise. The first mentioned donated the lot upon which the house was erected. Rev. Oliver

Haynes place. The membership was small, and most prominent among the little band were Hiram and Lemuel Titsworth, John Johnson and Southworth Mather. The latter two were local preachers. Services were continued in a log schoolhouse until a new schoolhouse was built on the newly opened Marysville & Kenton road, which stood near the site of present Methodist Church, north of Byhalia. Services were then held in the schoolhouse for a number of years. By the removal of members from the neighborhood, the society became very weak numerically and regular preaching was suspended.

About 1872, a class of the Methodist Episcopal Church, consisting of perhaps twelve members, was organized, with Allen Haines as class leader. The

society prospered, and in 1876 erected a commodious and handsomely constructed edifice, 34 X 48 feet, north of Byhalia half a mile, and close to the schoolhouse, in which the meetings had previously been conducted. Its cost exceeded \$2,000. It was dedicated by Rev. David Rutledge, then Presiding Elder of the district to which it was attached. The first steps looking to the erection of the church were taken during the pastorate of Rev. Solomon Linsley. His successors as pastors of this church have been Revs. William Shultz, William Dunlap, J. C. Clemmons, David Bowers and John W. Donnan. The last mentioned is now serving his second year. The Byhalia Church was originally included in the Mt. Victory circuit, composed of four charges--Byhalia, Mt. Victory, Wilson Chapel and Reinhart Church. It is now an element in the York Center Circuit, which comprises four churches--McKendree at York Center, Byhalia, Summersville and Bethel. The present membership is about forty. A Sabbath school was organized subsequent to the erection of the church, and is now working in an active and successful manner. It contains ninety-five members, eight classes and is superintended by William Haines. (History of Union County, Ohio, Beers, 1883, reprint 1981, Vol 2, p. 665-666.)

ABOUT THINGS MILITARY

From Tree Topper (Submitted by Marian Cowgill)

HOW BIG IS A CORPS?

Sometimes it is hard to understand the terms we find when we are researching our Civil War ancestors.

Here are a few of the military terms we often see: A company was about 100 men; a Regiment was about 10 companies; a Brigade was two or more regiments. A Corps was two or more divisions and an army was two or more Corps. When you see the word enlistment that is the date your soldier joined the State Regiment. The muster date is after training, the date the unit was accepted into Federal Service. Discharge means the date the soldier left the service while his regiment was still active. The muster out date is the time when the regiment was released from active service.

(With thanks to the Delaware Genealogist)

THERE IS NOW AN AMERICAN CIVIL WAR RESEARCH DATABASE

The American Civil War Research Database, a web site created by Historical Data Systems, makes Civil War ancestor research not only possible, but easy. The

company's staff has entered records from several sources for roughly half of the four million soldiers who fought in the war. The database is a work-in-progress, but even now it is a valuable research tool that will only improve as more information is added.
